Khyber Pakhtunkhwa, Pakistan

"A multilingual App developer with a degree, bringing proficiency in both Mobile and Web development. A creative thinker with strong analytical skills and a resourceful problem-solving approach. Seeking a software developer position to apply technical expertise in Mobile and Web Applications"

WORK EXPERIENCE

1. **Flutter Developer at Grace Technologies**   **Present**
   Stack: Flutter ,Dart, Firebase , GitHub
   Grace Technologies ,Rawalpindi , PK

   - At Grace Technologies, I focused on Flutter Dart, leading the creation of various templates for our CV Maker app. I also designed the user interface for a GYM app. Using Firebase, I added powerful features to our apps. Currently, I'm contributing to a Ringtone app, refining user experiences. This journey has strengthened my skills in Flutter Dart and Firebase, benefiting our projects greatly. I am dedicated to delivering high-quality, user-centric solutions that drive success.

2. **Flutter Developer (Remote)**   **2023/03**
   Soft Tech ,Peshawar , PK
   Stack: Flutter , Dart,Firebase , GitHub
   - Responsible for developing mobile application UI from a given design.
   - Connecting the designed UI with Firebase/Firestore Database.

3. **Flutter Developer**   **2022/09 –2023/03**
   National Incubation Center Swat.
   Stack: Flutter ,Dart, Firebase , GitHub
   - Resonsible developing a Tourism application. I design UI for an event tour organization From the given design and connect them to Firebase for seamless functionality.
   - In addition to my role as an Android Flutter Developer at the National Incubation Center Swat, I actively participate in event management, ensuring smooth coordination when organizing events.

4. **Network Administrator as Internee**   **2022/10 –2022/11**
   Pakistan Telecommunication Company Limited (PTCL), Peshawar , PK

   - Experienced in network administration and communication technology during my time at (PTCL).

5. **Administration and Management Experience**   **2023/04 –2023/06**
   Salaar Technologies, Lahore , PK
   - At Salaar Technologies, I gained valuable experience in administration and management.This role equipped me with the skills to effectively coordinate tasks, manage resources, and ensure smooth operations within the organization.
6. **Developer (FYP)**   **2022/03 –2023/09**
   University of Agriculture, Peshawar (IBMS)
   - Worked as Application developer in team under the supervision of university advisor, to develop online solidwaste app using Flutter, Dart and Firebase.
   - Solid-waste offers live, real-time surveillance of drainage systems, ensuring instant alerts and proactive maintenance for optimal functionality.

EDUCATION

Bachelor of Science in computer Science   **2018/10 –2022/11**
The University of Agriculture Peshawar.

Higher Secondary School Certificate   **2016/06 –2018/08**
Govt. Higher Secondary School and College Barikot Swat.

CERTIFICATION

- **IELTS**   **08/2023-Present**

  A score of 6 bands in IELTS is roughly equivalent to a B2 level on the CEFR scale for English language proficiency.

- **Certification in IT (Web Software and Mobile Development).**   **2020/09 – 2021/03**
  I have finished this training program provided by National Vocational & Technical Training Commission (NAVTTC).

- **Flutter**   **2022/02 – 2022/04**
  I have successfully completed this training program offered by SOFT TECH.
